

It's time to sum up!

 Now, it's time to Sum Up! In the table, below check the configuration needed to be done to all the project organization options.

	Issue Types distribution	Minimum Number of Project	Enable Requirement Coverage at	Add Xray Issue Type
All-in-one		1	Only existing project	At the only existir projec
Don't mix my Requirements and Defects with Tests		2	Requirement Project	At Tes projec The issue type s test execu n if us can be addec Requirements Projec
Dedicate d Test Reposit ory		3	Requirement project	Divide Xray issue types per Xr Test Repos ry & Xray Test Execu n

 Next in this course, you can explore the "[Testing Workflow Setup](#)" module.
