

[XEA] Xray Exploratory App Storage information

Xray Exploratory App has two different storage locations for its files.

- 1) Cloud storage (or Web Console)
- 2) Local Machine

1) Cloud Storage:

It contains all your workspaces that store all the sessions created by the user or the team. You can read more about it here: [Web Console Home Page](#)

2) Local Machine:

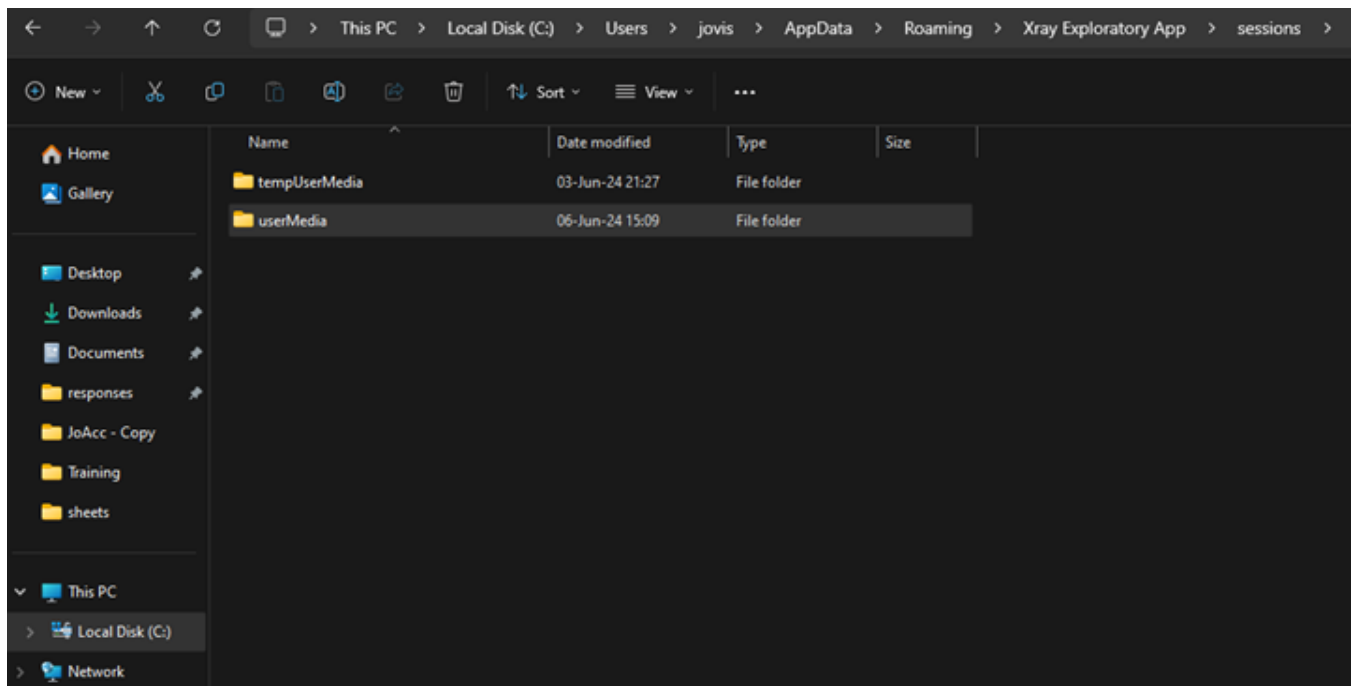

In this location, the media attached to your sessions are stored:

Windows:

- `C:\Users\<Username>\AppData\Roaming\Xray Exploratory App\sessionss\userMedia`

Mac:

- `~/Library/Application Support/Xray Exploratory App/sessions/userMedia`
