

Xray Exploratory App Modes

The exploratory app was built to fully integrate with Atlassian Jira and Xray App for Jira (Cloud and Server). But, you can also use it as a standalone exploratory app tool. Please check the table below to see the 3 app modes available and the major limitations that using the Exploratory app without Xray for Jira.

Features / App Mode	XEA connected to Xray for Jira	XEA connected to Jira only	XEA is not connected, standalone
