

2.0.5 Release Notes

The Xray team released the **Xray Exploratory App** for Windows and Mac version **2.0.5**.

This version is all about enhancing performance and solving major bugs. So, what's new?

Release highlights

- We are now providing builds tailored for Mac users with both Apple Silicon and Intel Chips.
 - **Mac Apple Silicon Chip users will experience a substantial gain of performance when using the corresponding build.**

Linux users, watch-out!

Xray Exploratory App will stop being available for Linux users starting version 2.0.5

Bugfix

T	P	Key	Summary	Resolution

We are already working on our next update, so stay tuned and keep your Xray Exploratory App updated to get all the latest and greatest.

Also works without Jira/Xray

You can also use the app without Xray or Jira. It works as a stand-alone capturing tool and you can generate a test session report locally.
