## Bug Fixes in this release

| Key                       | Summary                                                                                                                                                                             | T                                                                                    | Created      | P                                                                                     | Status                 | Resolution |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|--------------|---------------------------------------------------------------------------------------|------------------------|------------|
| <a href="#">XRAY-2936</a> | HP ALM Importer creates Test issues with garbled summary                                                                                                                            |    | Jul 16, 2018 |    | <a href="#">CLOSED</a> | Fixed      |
| <a href="#">XRAY-2868</a> | Jql TestsWithReqVersionFunction used in filter "Requirement issue in fixversion" in dialogs to add Tests is loading too many data                                                   |    | Jun 22, 2018 |    | <a href="#">CLOSED</a> | Done       |
| <a href="#">XRAY-2863</a> | Xray is always logging changes in custom field "Tests association with a Test Execution" even if no direct changes have been made                                                   |    | Jun 21, 2018 |    | <a href="#">CLOSED</a> | Fixed      |
| <a href="#">XRAY-2853</a> | Cucumber step results don't display the duration                                                                                                                                    |    | Jun 18, 2018 |    | <a href="#">CLOSED</a> | Fixed      |
| <a href="#">XRAY-2573</a> | Remove Earliest_Unreleased_Version from TestRunStatus customfield index                                                                                                             |   | Mar 16, 2018 |   | <a href="#">CLOSED</a> | Done       |
| <a href="#">XRAY-2555</a> | When importing JUnit XML execution results from More > Import Execution Results option, Xray will search for similar Test definitions instead of searching for the exact definition |  | Mar 13, 2018 |  | <a href="#">CLOSED</a> | Fixed      |
