# Search Screens

When in an issue view page (e.g., Test Set, Test Execution, etc.), you may need to search for other issues associated with the one you are looking at.

- Search Screen
    - Select Tab
    - Search Tab
        - Filters
        - Advanced search
    - Add Selected/ Add All

# Search Screen

- Select Tab
- Search Tab
- Add Selected/ Add All

## Select Tab

You can search for recent issues or use the free text search.

Add Tests to XTP-8

**Select**

Search

Tests    [                    ▾] **+**

Start typing to get a list of possible matches or press down to
select from a list of existing Tests to add to this Issue

Add selected    Cancel

# Search Tab

## Filters

You can search for issues using the various filters Xray provides.

## Advanced search

If you need more flexibility, you can also search using JQL.

## Add Selected/ Add All

Xray allows you to add selected or all issues returned.
