Tests by Test Type Gadget

Xray provides a gadget to analyze the overall test distribution by test type.

Purpose

This gadget provides a quick way of viewing the overall test types for a given project or filter.

How to use

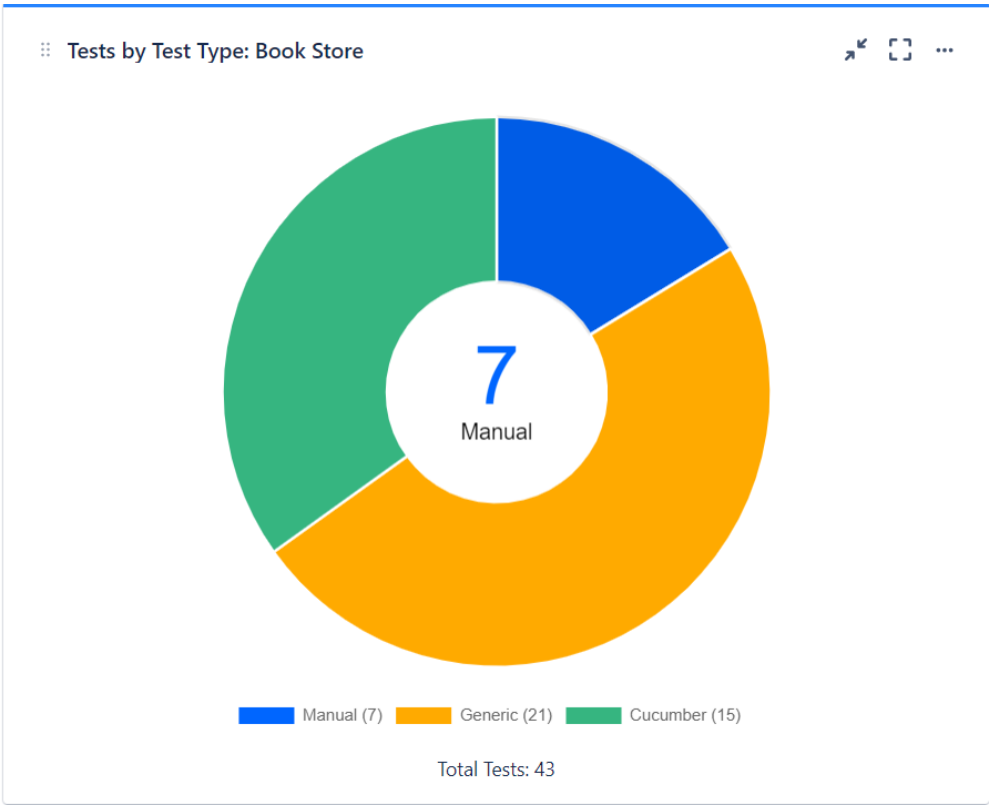

Source test issues for the chart can be provided by using a saved filter or by selecting a project:

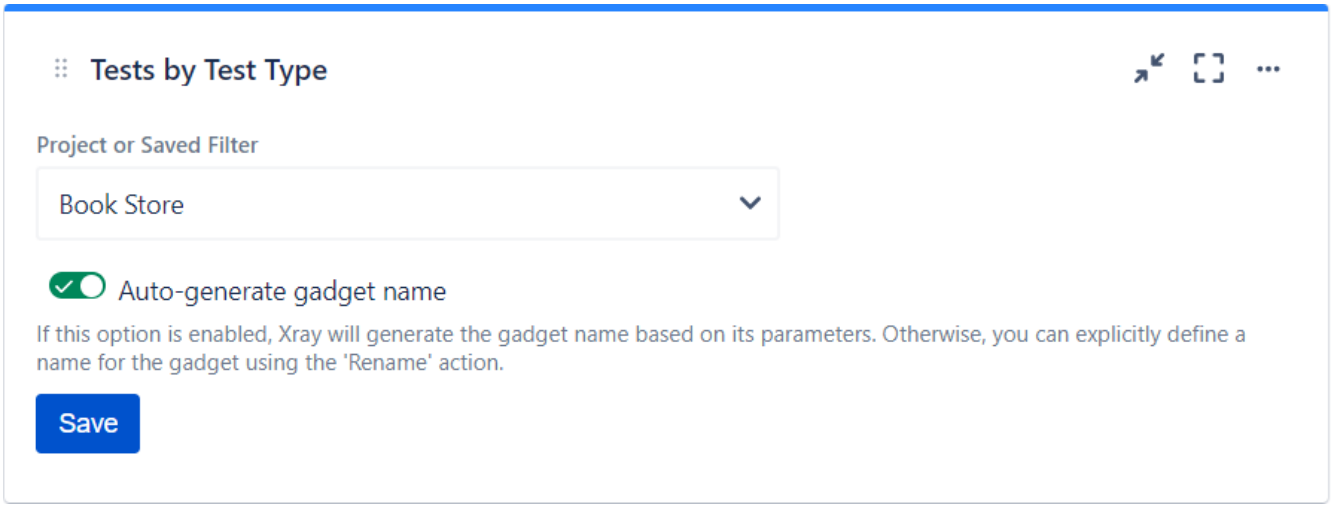

- **Project or Saved filter**: a saved filter or a project containing the test issues.

Notice that "**Project or Saved filter**" must be selected in order to use the gadget.

- **Auto-generate gadget name:** whether the name of the gadget should be generated based on its parameters or defined by the user.

It's also possible to hide a specific test type by clicking the legend item.

Tests by Test Type

Auto-generate gadget name
If this option is enabled, Xray will generate the gadget name based on its parameters. Otherwise, you can explicitly define a name for the gadget using the 'Rename' action.
