

[Xporter/DocGen] Repeated text in for issues

This article will help you to avoid getting repeated text in for issues.

Step-by-step guide

This happens in bulk export, because the text is printed for every issue in the bulk list, to prevent this, you need to surround the repeating information with this code:

```
#{if (%{'${BulkIssueIndex}'==0})}  
...Text to only appear one time...  
#{end}
```

Preview:

	A	B	C	D	E	F
1	&(for issues(filter=%("\${BulkIssueIndex}" == 0))					
2	TEXT					
3						
4						
5						
6						
7						
8						
9						
10						
11						
12	&(end)
