Test Plans List Report

Shows a list of Test Plans, their attributes and information about their overall progress.

Purpose

The Test Plans List Report shows a list of Test Plan issues and their corresponding consolidated execution status. The status is shown as a progress bar with the consolidated status (e.g., typically the latest test run status) from each Test issue that is part of that Test Plan.

Possible usage scenarios:

- analyze the progress of each Test Plan
- see the planned Test Plans for some version and get an overview of the progress of each one of them

How to use

This report is accessible either from the **Xray** icon on the project left sidebar or from the standard **Reports** icon, which includes other kinds of reports besides Xray.

Source Test Plan issues can be directly provided using a advanced filter or by specifying some Test Plan-related fields:

- **Advanced**: a JQL query to filter the coverable issues
- **Basic:**
    - **Project:** project
    - **Assignee**: the issue's assignee
    - **Component**: the component assigned to the issue
    - **Fix Versions**: versions assigned to the issue
    - **Resolution**: the workflow resolution
    - **Status**: the workflow status
    - **Contains**: the full issue key or part of the summary

ⓘ **Please note**

By default, only Test Plans from the selected project are shown. To show the Test Plans from different projects, you have to use a saved filter.

Columns

Aside from the available custom fields for Test Plan issues, there are some special columns that can be included:

Metric	Notes
Begin Date	Planned begin date for the Test Plan
End Date	Planned end date for the Test Plan
Status	The progress (i.e., the overall execution status of the Test Plan)
