

[Xray] Can't see the Execute With Sub-Test Execution option in a Requirement issue?

Problem

Can't see the **Execute With Sub-Test Execution** option in a Requirement issue?

The screenshot shows the Jira Xray interface for a requirement issue. The issue is titled 'Story' and is in the 'OPEN' state. The 'Details' section shows the issue type as 'Story', priority as 'Low', and requirement status as 'NOK'. The 'Test Coverage' section shows a table with one entry, 'With status', which is also marked as 'NOK'. The 'Execute' dropdown menu is open, showing three options: 'With Test Execution', 'With Sub-Test Execution' (highlighted with a red box), and 'With status'. The 'Description' section is empty. The 'Attachments' section is empty. The 'Issue Links' section shows a link to 'GREYS-16 BC'.

Details

Type: Story
Priority: Low
Affects Version/s: None

Solution

Note that the **Execute With Sub-Test Execution** option is only displayed if Xray can create a Sub-Test Execution if this issue type is present on the Requirement Project.

Please do the following steps:

1. Go to your **Project -> Project Settings -> Issue Types -> Actions - Edit Issue Types**

Project settings

Summary
Details
Audit log
Re-index project
Delete project

Issue types

These issue types are available in your project. Each issue type can be configured differently.
The issue type scheme defines which issue types apply to this project. To change the issue types used, you can select a different issue type scheme, or modify the current scheme.
[Learn more about Issue Types](#)

Scheme used by this project: GREYS: Xray Issue Type Scheme

Issue Type	Description	Workflow	Field configuration	Screen
Bug	A problem which impairs or prevents the functions of the product.	GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Epic	Created by Jira Software - do not edit or delete. Issue type for a big user story that needs to be broken down.	GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Initiative		GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Pre-Condition	Represents a Pre-Condition	GREYS: Workl ow	Default Field Configurati on	GREYS: Xray View Pre-Condition 5 screen
Requirement		GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Story	Created by Jira Agile - do not edit or delete. Issue type for a user story.	GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Task	A task that needs to be done.	GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen
Test	Represents a Test	GREYS: Workl ow	Default Field Configurati on	GREYS: Xray View Test Screen
Test Execution	Represents a Test Execution	GREYS: Workl ow	Default Field Configurati on	GREYS: Xray View Test Execution 5 screen
Test Plan	Represents a Test Plan	GREYS: Workl ow	Default Field Configurati on	GREYS: Xray View Test Plan Screenshot
Test Set	Represents a Test Set	GREYS: Workl ow	Default Field Configurati on	GREYS: Xray View Test Set Screen
Sub-task (sub-task)	The sub-task of the issue	GREYS: Workl ow	Default Field Configurati on	GREYS: Default Screen

- Make sure that you have the issue type **Sub Test Execution** on the Issue Types for the **Current Scheme**, like on the following screenshot (if you don't have it, please add it).
