

# Xray 3.0.1 Release Notes

29 December 2017

The Xray for JIRA team announces the bug fix release of **Xray 3.0.1**.

## Please note

If you are currently using the Tests List gadget in some dashboards, you will need to edit and review the gadget settings and save them in order to see the proper values after updating Xray, or else you'll see a warning message.
