1.1.2 Release Notes

The Xray team released the **Xray Exploratory App** for Windows and Mac version **1.1.2**. A minor update with some fixes and improvements.

Release highlights

- Fixed a problem connecting to Jira Server without Xray installed
- Fixed a problem in some Jira Servers with self signed SSL certificates
- Fixed an oAuth redirect issue that affected some self hosted Jira Servers
- Fixed a problem opening test sessions (.test files) with double click
- Many other small bug fixes and improvements

We are already working on our next update, so stay tuned and keep your Xray Exploratory App updated to get all the latest and greatest.

> ⓘ **Also works without Jira/Xray**
>
> You can also use the app without Xray or Jira. It works as a stand-alone capturing tool and you can generate a test session report locally.
